OBJECTIVE

May'20 - Jul'20

Aspiring Front-end Developer with a passion for creating engaging, user-friendly & search-engine friendly digital experiences. Seeking an opportunity to leverage my education in Computer Science and hands-on project experience to contribute to a dynamic development team.

Projects

Project 1

14-12-2023

Netflix Clone

- Recently, I finally finished a project in that I confidently call responsive: a Netflix clone.
- The Technologies used :- **HTML5, CSS3, JavaScript(es6), Bootstrap**

Project 2

Feb'19

Transparent Signin Page

- A good looking **transparent signin page**, which is looking good. When an user comes to login the first experience is decider..
- The Technologies used :- **HTML5, CSS3, JavaScript(es6)**
